Dear Mr. Swankhe,

Thank you for the interesting verification of the item.

Here is another scrap of paper in Maxwell's hand:

"Oh how mysterious are the ways of Providence! Came to my house on the 9th of Nov. 1836 an old classmate (J. V. B. B.) in a most sorry condition. I did not know him till he told me who he was."

This was at Aster Hall. The Maxwell-Booth house in Delhi.

Can you identify J V 13 13 - ?

(Like a John Van B. - - 13 - ?)

Class of 1805 - Thank you

Sincerely,

Edward H. Robinson

Mr. Henry J. Swankhe
