UNION COLLEGE,  
SCHENECTADY, N. Y.

1. **Course Leading to the Degree of A. B.**—The usual Classical Course, including French and German. After Sophomore year the work is largely elective.

2. **Course Leading to the Degree of B. S.**—The modern languages are substituted for the ancient, and the amount of Mathematics and English studies is increased. After the Sophomore year a large list of electives is offered.

3. **Course Leading to the Degree of Ph. B.**—This differs from the A. B. course chiefly in the omission of Greek and the substitution therefor of additional work in modern languages and science.

4. **General Course Leading to the Degree of B. E.**—This course is intended to give the basis of an engineering education, including the fundamental principles of all special branches of the profession, a knowledge of both French and German, and a full course in English.

5. **Sanitary Course Leading to the Degree of B. E.**—This differs from course 4 in substituting special work in Sanitary Engineering for some of the General Engineering studies.

6. **Electrical Course Leading to the Degree of B. E.**—This differs from course 4 in substituting special work in Electricity and its applications, in place of some of the General Engineering studies. This course is offered in co-operation with the Edison General Electric Company.

7. **Graduate Course in Engineering Leading to the Degree of C. E.**—A course of one year offered to graduates of courses 4, 5 or 6.

There are also special courses in Analytical Chemistry, Metallurgy and Natural History. For catalogues or for special information, address

BENJAMIN H. RIPTON, Dean of the College,  
Schenectady, N. Y.

## "IDEALISM IN AMERICAN LIFE."

### A Lecture of Unusual Literary Merit by Dr. Hamilton W. Mabie.

The students, faculty and friends of the college had the privilege of hearing an unusually charming and intellectual lecture by the well known writer and literary man, Hamilton W. Mabie, on the evening of May 9.

The lecture was delivered in the college chapel and was listened to by a large and appreciative audience.

Dr. Raymond introduced Dr. Mabie and referred to the recent gathering of literary men in New York to do honor to one of America's foremost men of letters, Hamilton Wright Mabie.

The lecturer in opening called attention to the crowded condition of the life of the average American and to the consequent lack of time to cultivate those finer and higher influences that come from a close association with books. Nothing is more difficult than to judge of a movement when one is in the midst of that movement, the judgment must of necessity be superficial.

"Expert opinion we find out so often is not infallible. Matthew Arnold, many had come to regard as infallible in all his opinions and yet we know how mistaken, how superficial were his views of Americans, and no man was so conspicuously misled in regard to the conditions of his times than was he.

"This is so because it is not by painstaking thought but by observation only, that we get the true conception of life. No man can understand his own age if he studies it from the outside alone. He must share the experiences of it, his heart must beat with it and he must have within himself the possession of all its great hopes. No man can understand life who is not inspired by it, neither can any man know his

country who is not in sympathy with it in all its trials. Emerson and Lowell are examples of this sort. Both breathed within this higher ideal and the deep tendencies that strive to construct of this rough material, higher uses."

Dr. Mabie here spoke of the wrong impressions foreigners receive of America and Americans through their impressions of the people whom they see and meet on the continent. He told several amusing stories concerning the American tourist belonging to the *neuveau riche* class. The speaker referred to the materialistic view of life held by some Americans, and asked the question, 'Are we Americans Materialists?'

"Surely there never was a time when so many and such enormous fortunes were made. But is this our ultimate design? Surely this country was not settled that people might be better fed, better clothed and better housed. Prosperity has no charm of itself. The charm of English society is simplicity of character against a rich background, while here we have this rich background without the simplicity of character. Wealth never of itself excites any kind of interest.

"No ancient or modern people has had a larger infusion of idealism than our own, for as one travels around this continent, in Canada, at Quebec, at Plymouth Rock, in Williamsburg, Virginia, when one is in Charleston, or when one is in the historic city of New Orleans, or in the far West, at the Golden Gate, one finds countless examples of men striving not for lust of gain, but for a better, nobler and purer existence. Wherever spade was turned or log schoolhouse erected there was found an expression of idealism.

"Our governmental system rests upon the assumption that every man can be trusted. In such an ordering of society there is shown a deep idealism. In Americans there is an instinctive perception that there is something divine in every human being. It is a well-

known truth that if you treat a man as a man, after awhile he will become a man.

"There is nothing more beautiful in our literary history than the story of Brook Farm. The picture of Curtis hanging out clothes and of Hawthorne digging potatoes.

"Our literature lacks mass, variety and dramatic quality but has never lacked aspiration, purity, faith in God and man, an appeal to the highest and best.

This is always expressed from Emerson down to the poems of Moody published the other day. It is all saturated with idealism."

#### GIFT TO ENGINEERING LABORATORY.

Mr. C. P. Steinmetz of the General Electric Co., has recently presented to the electrical engineering laboratory several hundred dollars worth of apparatus. The gift consists of one one-half horse power three phase induction motor, a three phase rotary converter, a three phase variable ratio transformer besides several minor pieces of apparatus such as switches, etc. Prof. Eddy some time ago asked Mr. Steinmetz for a temporary loan of the apparatus but when it came a note from Mr. Steinmetz accompanied it stating that he wished to present it as a gift. The apparatus was his own private property. It constitutes for the department a peculiarly valuable gift and is deeply appreciated.

The electrical engineering laboratory has been the recipient of several gifts of apparatus during the year amounting in value to something over one thousand dollars mainly acquired through the efforts of Prof. Eddy.

The coach committee for the football team for this year has been appointed and consists of F. W. Hild, '98; S. G. H. Turner, '98; P. B. Yates, '98; H. J. Hinman, '99; W. Van Vlack, 1900, and H. J. Brown, '01. This committee has already written and sent out letters to alumni soliciting subscriptions and it is hoped by this means to secure enough money to insure the assistance of a good coach.

CONCORDIENSIS, - \$2.00 per Year, in Advance  
Single Copies, - - - - - 10 Cents

Address all communications to THE CONCORDIENSIS, Box 218, Schenectady, N. Y.

Entered at the Post-office at Schenectady, N. Y., as second-class matter.

Chas. Burrows, Printer, 414 State Street, Schenectady, N. Y.

THE Concordiensis presents in this issue the histories of the classes of '81 and '86 which will hold reunions in June. The material concerning the class of '81 was obtained from Dr. William M. White, '81, of Amsterdam through whose untiring efforts the reunion of his class will be a success. The records of the class of '86 were obtained mainly from the fraternities.

WITHIN the past week a set of bleachers has been erected on the campus due to the efforts of the athletic association. These seats fill a long-felt want of the college and it is hoped that they will help materially in increasing the number of spectators at the games on the campus. And in connection with this attention is called to the fact that the old benches will be hereafter reserved for the teams and the official scorers.

THE catalogue and prospectus of the Albany Law School for the coming year has just appeared. It is a well arranged, nicely gotten up booklet and sets forth the advantages of the school in a most attractive way. Numerous cuts of distinguished members of the faculty brighten the pages, each one accompanied by a short sketch. There are also cuts of President McKinley, of the class of '67, and Justice Brewer, of the U. S. Supreme Court, a graduate in the class of '58.

Full information is given regarding the amount of work to be done before a student is fitted to try the State Bar examination. Courses of one or two years duration are offered with correspondingly longer or shorter periods of office study. "From 1851-1898 the academic course was one year, preceded or supplemented by one or more years in a law office. In 1898 the trustees and faculty extended the course to two years of not less than eight months creating a junior and a senior year, in deference to requirements of the State Board of Regents." During the last three years, considerably over one hundred graduates of the school have entered the examination for the bar, only two of whom have failed to pass their first examination."

A list of the graduates in 1900 is given, among whom we note the name of Turner, College '98. Among the members of the senior and junior class, which number seventy-two and sixty-four respectively, appear the names of a number of Union men, Eames, '99; Hinman, '99; Bender, 1900; Reilly, ex-1900; Bonestelle, ex-'99; Fenton, 1900; Holcome, '98; Hubbard, 1900; Paige, 1900; Pike, 1900 and Read, 1900. At the suggestion of this paper to Mr. Davison, Secretary of the faculty, the degrees and the names of the colleges or universities attended were added to the names of former college students. Forty-one college men are attendants at the law school and twenty-one different institutions of learning are represented.

The formal opening of Silliman Hall will take place probably on June 7, not on May 24, as was given in one of the daily papers. The program of exercises will be announced later.

#### TRUSTEE MEETING.

At the last meeting of the Board of Trustees held April 30, Instructor Eddy was made assistant professor of electrical engineering. At this meeting leave of absence was granted to Prof. Opdyke for two years of study abroad at the end of which time he will be taken back and given the full professorship of Mechanics and Physics. Prof. Opdyke will leave in June for Europe where he will spend two years in the English and German universities.

#### A TRIBUTE TO THE MEMORY OF HON. JOSHUA R. SENEY, CLASS OF '60.

In the death, on March 22, 1901, at his home in Toledo, Ohio, of Judge Joshua R. Seney, Union College has lost one of the most intellectual of its alumni,

Judge Seney was graduated in 1860, with high classical honors, among them being membership of the Phi Beta Kappa Society.

He was the first Ohio Judge to allow a negro to sit as a juror, and he decided, while judge of the Court of Common Pleas, that a woman was as much entitled to a clerkship as a man. It is due to this decision that women are today employed in the various clerical positions of the city, county and state of Ohio.

Judge Seney was a brilliant classical scholar. His marvelous memory and great conversational power gave him a delightful personality. Familiar with the poets of the world, and with its best literature, possessed of a keen sense of humor, and a heart rich in sentiment he was a rare companion within his home, and outside of it. He was a leader at the bar in his own state and an intellectual stimulus to all who came in contact with him.

For eleven years he had been a great sufferer from ill-health. During this period his wife, the sister of Americus V. Rice of Ottawa, Canada, Union, '60, proved a more than ordinary helpmate. She is known throughout the State of Ohio as the Superintendent of the Registry Department of the Postoffice. Her conduct of affairs in this department is quoted as one of the few instances of the kind in the history of the country.

Judge Seney came of good colonial stock. His paternal grand-father served on the bench as Chief Justice of Maryland, and his great-grandfather on the maternal side was Commodore Nicholson, commander-in-chief of the navy during the revolution. His blood was good and his life was better—a credit to his sires.

We are glad that he was an alumnus of Union. He, himself, cherished fond memories of her, often dwelling upon them in his later years of enforced invalidism. Once he wandered over these old Union grounds—a thoughtful student—going to the class-room of the Professor, or mingling in the student life around him, with youth and laughter in his veins.

Now all is over—the student, the scholar, the jurist has reached a better country—but, in departing, he has left a just name and fame in the state of which he was a citizen.

His excellence of life might stimulate many an alumnus of Union to go and live like him. \*

## GILMOUR—TRUAX WEDDING.

A College Affair. Miss Lillian Blanche  
Truax Married to Robert F. Gilmour,  
1894.

The house of Prof. James R. Truax and Mrs. Truax was the scene on the evening of May 14, of a beautiful marriage ceremony, the contracting parties being Miss Lillian Blanche Truax only daughter of Prof. James R. Truax, '76 and Mrs. Truax and Mr. Robert Fuller Gilmour, '94. The historic old house in North College, with its decoration of pink and green, never looked prettier, and it is doubtful if a more beautiful wedding ever took place on the college grounds. The ceremony took place at 8 o'clock being an adaption from the old Dutch form and was performed by Dr. A. V. V. Raymond.

A large number of friends, relatives and invited guests were present. The bride was attended by Mrs. William G. Gilmour, matron of honor and entered leaning on the arm of her father. The groom was attended by his brother, William G. Gilmour, '88.

After the ceremony refreshments were served and dancing enjoyed until a late hour. Mr. and Mrs. Gilmour left on a late train for an extended trip through the East and South.

The bride is well known in Schenectady society, having made her debut several seasons ago. Mr. Gilmour is likewise well known in the social circles of the city. He is a graduate of the Union Classical Institute and a graduate of Union College in the class of 1894. He is a member of the Sigma Phi society and of the Mohawk club and holds a responsible position in the Schenectady Locomotive Works.

The guests from out of the city were Mr. and Mrs. Allan Gilmour, Mrs. Allan Gilmour, Jr., Mrs. William H. Gibson, Miss Gibson, Mrs. McEwen Pruyn, Mr. Francis Pryun, all of Albany; Dr. Andrew Gilmour of New York; Mrs. James Gilmour, Fulton; Miss Isabella G. Clancy, Amsterdam; and Mr. Fred Coons of Troy. The gifts to the bride were of great number and richness. Mr. and Mrs. Gilmour will be at home the first and second Tuesdays in June, at Union College.

## CHI PSI DANCE.

The Chi Psi fraternity gave its annual spring dance Friday evening, May 10, in Yates' boat-house. In spite of the fact that the weather conditions were very unfavorable, a great many of the invited guests were present and the affair was a great success. For five hours the merry crowd danced to the strains of Gioscia's orchestra and when it was over they left with regret. Those present were Mrs. Bensen, Miss Taylor, Albany; Miss Rulison, Watervliet; Miss McClellan, Cambridge; Miss Sligh, Grand Rapids; and from the city, Mrs. J. T. Schoolcraft, Mrs. C. F. Lewis, Mrs. E. E. Kriegsman, Mrs. W. S. Hunter, Mrs. A. J. Thomson, Mrs. A. E. Gregg, Mrs. B. C. Sloan, Mrs. W. T. Clute, Mrs. J. H. Clements, Mr. and Mrs. W. C. Vrooman, Dr. and Mrs. E. T. Rulison, the Rev. and Mrs. G. E. Talmage, the Misses Schoolcraft, Strain, Reed, Button, Horstmeyer, Furman, Clements, Bates, Gates, Rothmyer, Haight, Lewis, Price, Ostrom, Case, Kriegsmann, Rulison, Durler and Pitkin; Prof. Bennett, the Messrs. Merriman, Weed, Bothwell, Stiles, Wagoner, W. S. Yates, Raymond, Parker, Small, R. C. Yates, Griffith, Woolworth, Slichter, Cooper, Tremper, Reed, Vedder, A. J. Thomson, Jr., T. B. Brown, White, Strauss, P. L. Thomson and Lawton, Dr. Van Vranken, the Messrs. Manning and Darrin of Albany and the active chapter of the fraternity; the Messrs. H. J. Brown, Clements, Golden, Ostrander, Gillespie, Crim, Hoxie, Rulison, Greenman and Andrews.

## LAUREATE FIELD DAY.

The second annual field day of the Laureate Boat club of Troy, June 1, promises to be a lively event. Williams, Union, Dartmouth and Bowdoin athletes have been invited to participate, as well as members of clubs in the Amateur Athletic Union.

Sebas Meneses, 1903, will leave next week for his home in Santiago, Cuba.

## CAMPUS NOTES.

Dr. Towne has opened a down-town office at No. 118 Jay street.

1903 defeated 1904 in a game of base ball last Thursday by a score of 17 to 14.

The N. Y. University meet on Saturday was not held on account of the unfavorableness of the weather.

At the college meeting, Monday, Allen Steele Peck, '03, was elected assistant manager of the Musical Association.

The game with Laureates which manager Kline had secured to take the place of the Columbia game, was cancelled on account of the wet field.

Dr. Towne, having finished the prescribed course of study, is giving to the sophomore class in Physiology a series of lectures on "Hygiene." His last lecture will be on "First Aid to the Injured."

If you have a piano or an interest in music, send your name and address to Wm. H. Annis, 1123 Broadway, New York city, and he will send four pieces of new music absolutely free.

**\$25,000 Our Grand \$25,000****Ornithological Contest.**

Something entirely new and interesting. Read what you are to do. You may get 1,000 dols. Our contest is to see who can make the largest list of names (or kinds) of birds from the following list of letters:

W D O O O C C K Q U L I A P R T A R I D G  
E S P N I E L V E B R D I M W A D O H T L

We will recognize as a bird anything belonging to the feathered tribe, whether it be a Hen, Crow, Singer or any other kind. You can use any letter as many times to make a name as it appears in the list of letters above; for instance, Woodcock, Plover, Snow Bird, etc. To any person who can make a list of 25 or more different names of birds, we will give absolutely FREE a beautiful prize, value 1,000 dols. or less.

**BIG PRIZES AWARDED DAILY.**

When you have made out your list fill out the line on the bottom of this advt. and send to us with a Stamped Addressed Envelope, stamp of your country will do; then if you are awarded a prize you can, if you desire, get the prize by becoming a subscriber to *The Woman's World*. We shall award a prize to every person who sends the name of 25 Birds, and our gifts will be as follows: For the best list, received each day, a Gold Watch; for the second best solution each day, a beautiful imported Tea Set; for the seven next best solutions each day, a Konrah Sakih Diamond and Ruby Ring; for the next best solution, a Gold Piece; and for all other correct solutions, Prizes of Good Value. These prizes will be forwarded daily; you will not have to wait a long time in uncertainty before you know the result. There is no element of lottery in our plan. It makes no difference whether we get your solution late or early in the day. All you need is to mail this advt. to us, and on the day it reaches us, if your list is the best, you shall have the Gold Watch, or if second best, the beautiful Tea Set, and so on. We guarantee that we will award you a prize. There is absolutely no opportunity for deception on our part—we cannot afford it. We want to get 1,000,000 well satisfied subscribers, and for that reason we don't want you to send any money until you know exactly what prize you have gained by answering the puzzles. As soon after 4 p. m. each day as possible, the examiners will judge the lists to the best of their ability, and will designate the prizes. We will write to you at once notifying you what prize has been awarded to you; then if you are satisfied, you can send your subscription to *The Woman's World* and your prize will go by return of mail carriage paid. To a person of narrow ideas it seems impossible that we should be able to make such a gigantic offer, but we have the money, brains and reputation. We know exactly what we are doing, and if we can legitimately gain a million subscribers by this grand idea we know that this million of well pleased subscribers can be induced to recommend *The Woman's World* to all friends, thereby building up our circulation still further. We are willing to spend 25,000 dols. in this contest in building up a big subscription list, and when this money is spent we reserve the right to publish a notification that the contest has been discontinued. Don't delay until it is too late. The contest will continue until July 1st, 1901.

We give a Bonus Prize of 250 dols., independent of all others, to the person who sends in the list gotten up in the best and handsomest manner. Our committee will decide and award prizes daily, but the special 250 dols. prizes will be awarded in September, 1901. Any bird's name found in the dictionaries accepted.

## ...Union College Men...

are particularly invited to call at our store and see the best line of nobby up-to-date Clothing ever shown up in this section. Big line of Rogers, Peet & Co's make just opened up—just as good as the best custom made clothing—and a mighty sight better than a lot of stuff panned off on a gullible public as custom-made, that we should be ashamed to offer to a man of ordinary intelligence. Come in and see our kind.
