Mather, Elisha. 7/27/1835.

"...of Sodus...is a descendent of old Cotton Mather...reserved...modest...  
silent among any but his friends...talents are good...I have long considered  
him a very true representative of what I imagine his venerable progenitor  
was, a wise but not a showy man, of a deep, penetrating mind, but not  
brilliant." Pearson Diaries V.2, pp.161-162.
