Abby L. Lott, daughter of Jeremiah Lott, Esq.

New York Spectator
New York City
October 14, 1830.

CLASS OF 1823

JOHN FARREA ZABRISKIE

Was President of the Medical Society of the County of Kings in 1839, being the eight in line of succession of the preceding officers. He was prepared for college at Millstone, N. J. He entered Union College, Schenectady, leaving that college in 1823. The following year he began the study of medicine in the office of Mr. William McKeesick, of Millstone, and became a student in the College of Physicians & Surgeons in New York, 1825. In 1826 he was licensed to practice medicine by the Medical Society of the State of New Jersey. Not being satisfied with this legal qualification, he entered the University of Pennsylvania and received the degree of M. D., in 1827. In 1830, after having practiced for a time in New York, he removed to New Lots, and thence to Flatbush, where he spent the remaining 18 years of his life in the active practice of medicine. He was Censor and Secretary of the County of Kings Medical Society in 1831-2 and Vice-President in 1833-4-5, and was President in 1839. He joined the Medical Society of the County of Kings in 1829. He also represented the county organization in the State Medical Society in 1829-31, where he presented a paper on the medical topography of Kings County, which was published in the Transactions of 1832. During that same year he was a member of the Flatbush Board of Health and in 1847 Superintendent of the Flatbush School District, which included New Lots. Besides these positions he was at one time physician in charge of the Kings County Almshouse, and at another surgeon to the 241st Regiment New York State Militia. He was also trustee of the Erasmus Hall Academy, and was an elder in the Dutch Reformed Church. In 1848 he died of a contagious disease contracted in his professional career. His son, John L. Zabriskie, deceased, was a member, and his two grandsons are now active members of the Society.
